

EXCELLENCE SCHOLARSHIP FOR FRENCH STUDENTS

MAFEN IMPLANTEUS

GENERAL INFORMATION

Recipients:

To be eligible for the excellence scholarship for French students, applicants must be French and have been accepted to follow the MAFEN program (M1 or M2 level).

Application procedure:

The application file is available on the website of the Implanteus Graduate School. It includes an **information form** to be completed, as well as the following documents:

1. a **letter of recommendation** (any file without a letter of recommendation will not be eligible).
2. a brief letter emphasizing the quality of the application, especially through a description of the rating system in the country of origin (no need to provide transcripts, already sent when applying for the Master's program).

Selection of candidates:

The selection of candidates by the Executive Committee takes place in two phases.

Phase 1: foreign students applying via Etudes en France. Selection date: **28/04/2026** - application before **31/03/2026**

Phase 2: foreign and French students applying via Mon Master. Selection date: **10/06/2026** - application before **01/06/2026**

Phase 3: if necessary

An additional list will be drawn up at each phase.

To be admissible, application files must be sent to the Implanteus Graduate School at the following address: implanteus@univ-avignon.fr. Any application received after the deadline (**31 March 2026 for phase 1, 01 June 2026 for phase 2**) will be ineligible.

Payment:

Selected candidates will receive¹ :

- in M1: 6,000 euros (plus internship bonuses)
- in M2: 6,000 euros (plus internship bonuses)

The scholarship is paid in three instalments:

- 50% on October, on presentation of a proof of registration;
- 40% at the end of semester 1;
- 10% in May.

The award of an international excellence scholarship commits the student to becoming an "ambassador" of the Implanteus Graduate School for the duration of the scholarship. The awardee will thus agree to sit on the Academic Council and be a reference person for the organization of the yearly Summer School. We also ask recipients of the Excellence Scholarship to promote the activities of the Implanteus Graduate School at their previous university, particularly by organizing a presentation via videoconference, accompanied by the director of the Graduate School.

For students who receive an excellence scholarship for the M1 year, the renewal of the scholarship for the M2 year will be conditional on their M1 results.

¹ These scholarships do not include the payment of tuition fees.

Application file to be returned before 31 March 2026 (Etudes en France candidates) or 1 June 2026 (Mon Master candidates)

Do not forget to sign at the end of the file!

INFORMATION ABOUT THE CANDIDATE

Mr ☐ Ms ☐
